What is Power of YOU? IVMA is excited to offer all IVMA members a new program entitled “Power of YOU”. Modeled after our hugely popular IVMA “Power of 10” program for recent graduates, the “Power of You” program is designed for those mid-career IVMA members (or IVMA members in any phase of their career) who may need a refresh, recharge, or renewal of their passion for veterinary medicine. The program features four one-day sessions in key areas to educate and inspire your career. In addition to the great content being offered, you will connect with colleagues during the four meetings. Making new connections in your profession is important!

All Meetings held at IVMA offices, Discovery Hall, IN State Fairgrounds.
